*If you issue a press release, please include this boilerplate language for The Skillman Foundation:*

A voice for children since 1960, The Skillman Foundation partners with people to transform education systems, nurturing the brilliance and power of Detroit youth. It has granted over \$730-million and has served as a vocal advocate to strengthen K-12 education, afterschool programming, child-centered neighborhoods, youth and community leadership, and racial equity and justice. It is in the process of developing a new strategic framework, co-designed with Detroit youth and their champions. Find more information at [www.skillman.org](http://www.skillman.org).
